

As head teacher of a fully inclusive, extended culturally diverse inner city community school Peter led on a number of nationally acclaimed initiatives around inclusion of children with Emotional and Behavioural difficulties, engagement of parents and carers, community provision and development.

Peter is now in demand to work across all sectors in developing leadership, innovation and efficacy. He is a Master Consultant with The Pacific Institute, with whom he works as a project director and implementer with major public sector clients and whole Local Authorities in developing constructive leadership and culture to generate improvements in performance and aspiration.
